- SQL

Language Cert

ECPE - Proficiency in English

Gregory Andrikopoulos

Web Developer

Enthusiastic web developer driven by ambition, with a deep passion for IT and a strong commitment to integrating newfound knowledge into my projects. Committed to intensive study of web technologies, and aspiring to contribute as a valuable member of a dynamic development team.

Experience

10/2018 - 04/2019

Hellenic Defense Systems, Aigion, Greece

ICT Network Technician (Internship)

During my brief internship, I took on the responsibility of providing IT support services, addressing a variety of technical needs. Additionally, I efficiently oversaw operations within the SAP ERP system, ensuring smooth processes. I also demonstrated precision and effectiveness in carrying out daily tasks. As a bonus, I learned a bit of ABAP and coded some applications using a training server.

06/2021 - Currently

N.P.D.D. Aigialeias, Aigion, Greece

Elementary-level IT Teacher

Dedicated elementary-level IT teacher with a passion for fostering digital literacy and a student-centered approach. Experienced in creating engaging curriculum that imparts fundamental computer skills and some level of programming to young learners. Committed to cultivating a positive and inclusive environment that encourages exploration and confidence in the realm of technology.

Online Courses - Udemy

I have successfully completed several comprehensive web development courses, acquiring proficiency in a diverse range of technologies. My foundational skills include the ability to construct well-structured, aesthetically pleasing, and responsive web pages, leveraging tools such as React and CSS. I have actively applied these skills in real-world projects, implementing key concepts learned during my coursework. In my pursuit of a broader skill set, I have also engaged with various courses directly or indirectly related to my profile. Those include Agile Fundamentals and Methods, QA testing with Selenium Webdriver and Python, SQL and, Android development in Java. This proactive approach reflects my commitment to continuous learning and a well-rounded skill set in the dynamic field of web development.
